# Mall Generates Excitement, Money

The fall began with an uplifting event the grand opening of the Golden Triangle Mall. A celebrity alumna and exhibition matches highlighted the day. This new shopping extravaganza provided new employment opportunities, and more designer fashions were brought to Denton. It seems to have added that touch of class . . . "Need We Say More?"

# Those Unforgettable

# *Tribute to the Seniors of*

MAY 25, 1981

Dear Diary,

I can't believe it's here, after four years, tomorrow is the day, I graduate!

What am I talking about? Little Mary Beth ripped my gown last week playing dress up. What am I going to do? Just this week I have been late for two rehearsals. Once because my dog decided to come along, but forgot to tell me.

So far, three announcements have been returned for lack of postage, four with "no such address," two with no reply, and one asking who I was, (I think that was the little red-headed girl to whom I gave my cooties!

My Aunt Polly was so gracious, she sent not one, but a two year subscription to *Psychology Today*

Yesterday my father asked me what I wanted to be when I grew up. The real shock came when I couldn't answer. I thought about being a full-time babysitter, but what kind of a retirement plan could you have on \$1.75 an hour? I knew all my problems were solved when I thought I had been drafted, but actually it was just another offer to join voluntarily. I stopped laughing when I had to make a trip to the Post Office to register for the draft. That's when reality shattered my world . . . STOP LET ME GET A HOLD OF MYSELF!

Besides who is going to notice if my socks don't match tomorrow? I'll have a diploma!

## Those Unforgettable

... Classes

## Getting Back to Basics

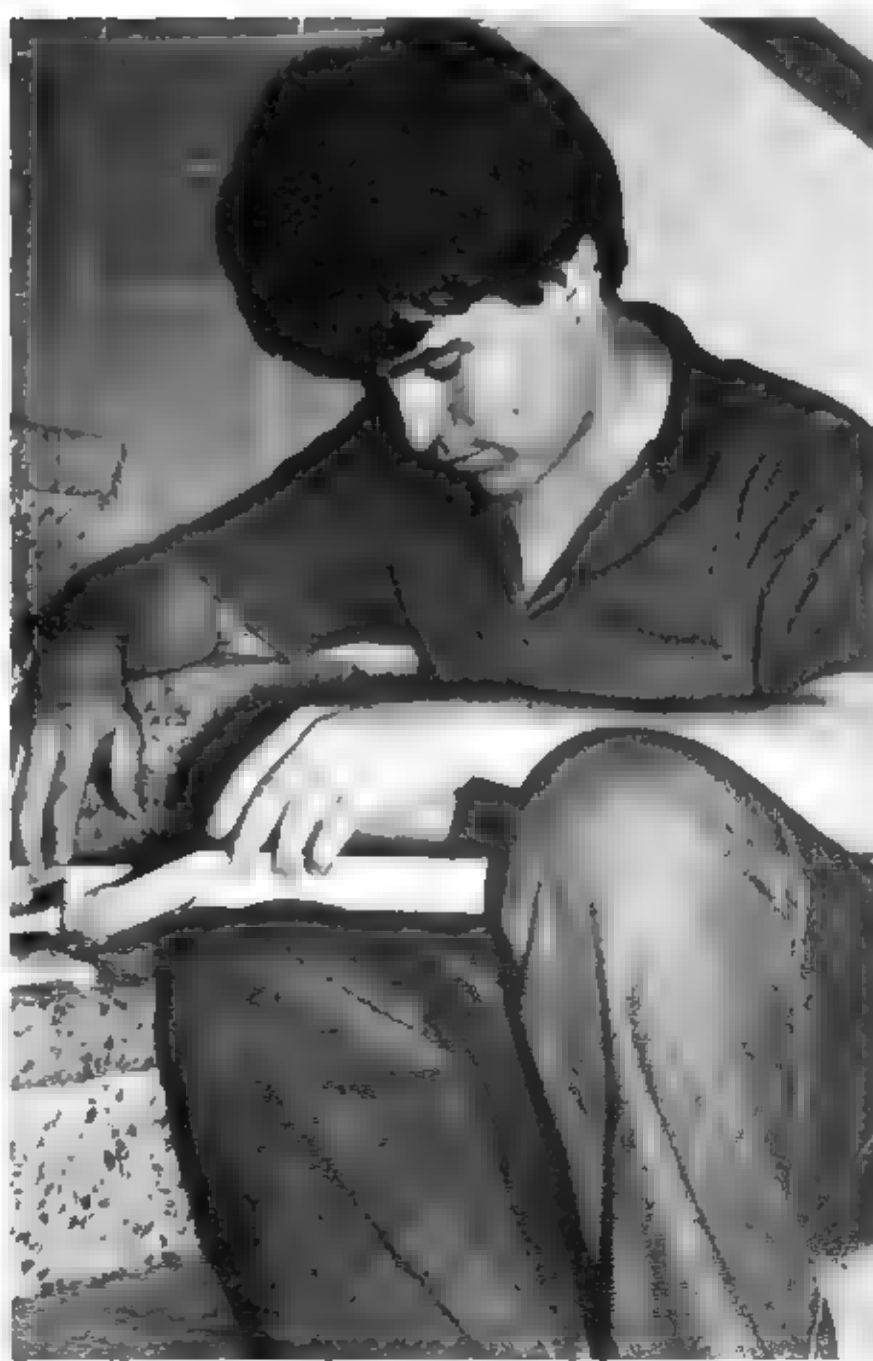

Although a well rounded education offers many outside activities such as Fillies, band, etc. students also found that there comes a time when one must return to the basics of "reading, writing, and arithmetic."

Denton students consistently rank above the national average academically. The DISD testing program this year showed overall student achievement to be at the highest level it has been during the past five years.

Required courses for graduation were English, science, math, history, government, health, and physical education

Page 90 Top Kathy Collins and Todd Denton compare notes. Far Left. Mark Brown and Gaynell Norton examine a human brain during a field trip to North Texas. Bottom: Mr. Dieb explains a chemistry problem

Bottom Right: Morey Price keeps in shape by doing sit-ups. Right: Nail Al'Juber drives home a point during debate practice.

Top Left Steve Hueholt, Sally Fry and Phil Blanton try their luck at building a cube. Top Right Sherry Scott lets feet down during Algebra. Bottom Left Julie Williams learns CPR in Health. Bottom Right Russell Clark listens as Mr. Fred Rodgers explains the problem.

## Electives Add Spice to Student Life

Top Right: A little friend tells Stiles Keffer a secret. Below: Mike Austin, Donald Hixley, Les Black, Tim Downey and Lorie Butler listen attentively to Miss Texas, Terri Eoff, during a Journalism press conference.

After the basics — then what?

In addition to the "solid" classes, student's other interests were amply provided for in the school's curriculum. Over thirty electives, from horticulture to music theory, were available to round out student schedules.

Eleven and one half required course credits were needed to graduate leaving the remaining eight and one half credits open for electives.

Top Left: Alison Love works diligently in typing class. Bottom Left: Mr. Ashley aids student M. L. Price. Below: Greg Richardson is being given a hard time by Curtis Claytor.

# Vocational Courses Offer Broader Horizons

Top Right: Stephanie Pitt paints her work of art. Bottom Right: Intently working on a car is Chris Matthews. Below: Mrs. Vest and Dana Rampy trim David Gandee's hair

The vocational department offered a variety of courses to prepare students for the job market. Approximately 30 percent of the student body was enrolled in a career training program.

Courses must be taken in two or three hour blocks and depending on the class, certification could be acquired. Classes included commercial art, cosmetology, auto mechanics, metal trades and office education.

# Those Unforgettable

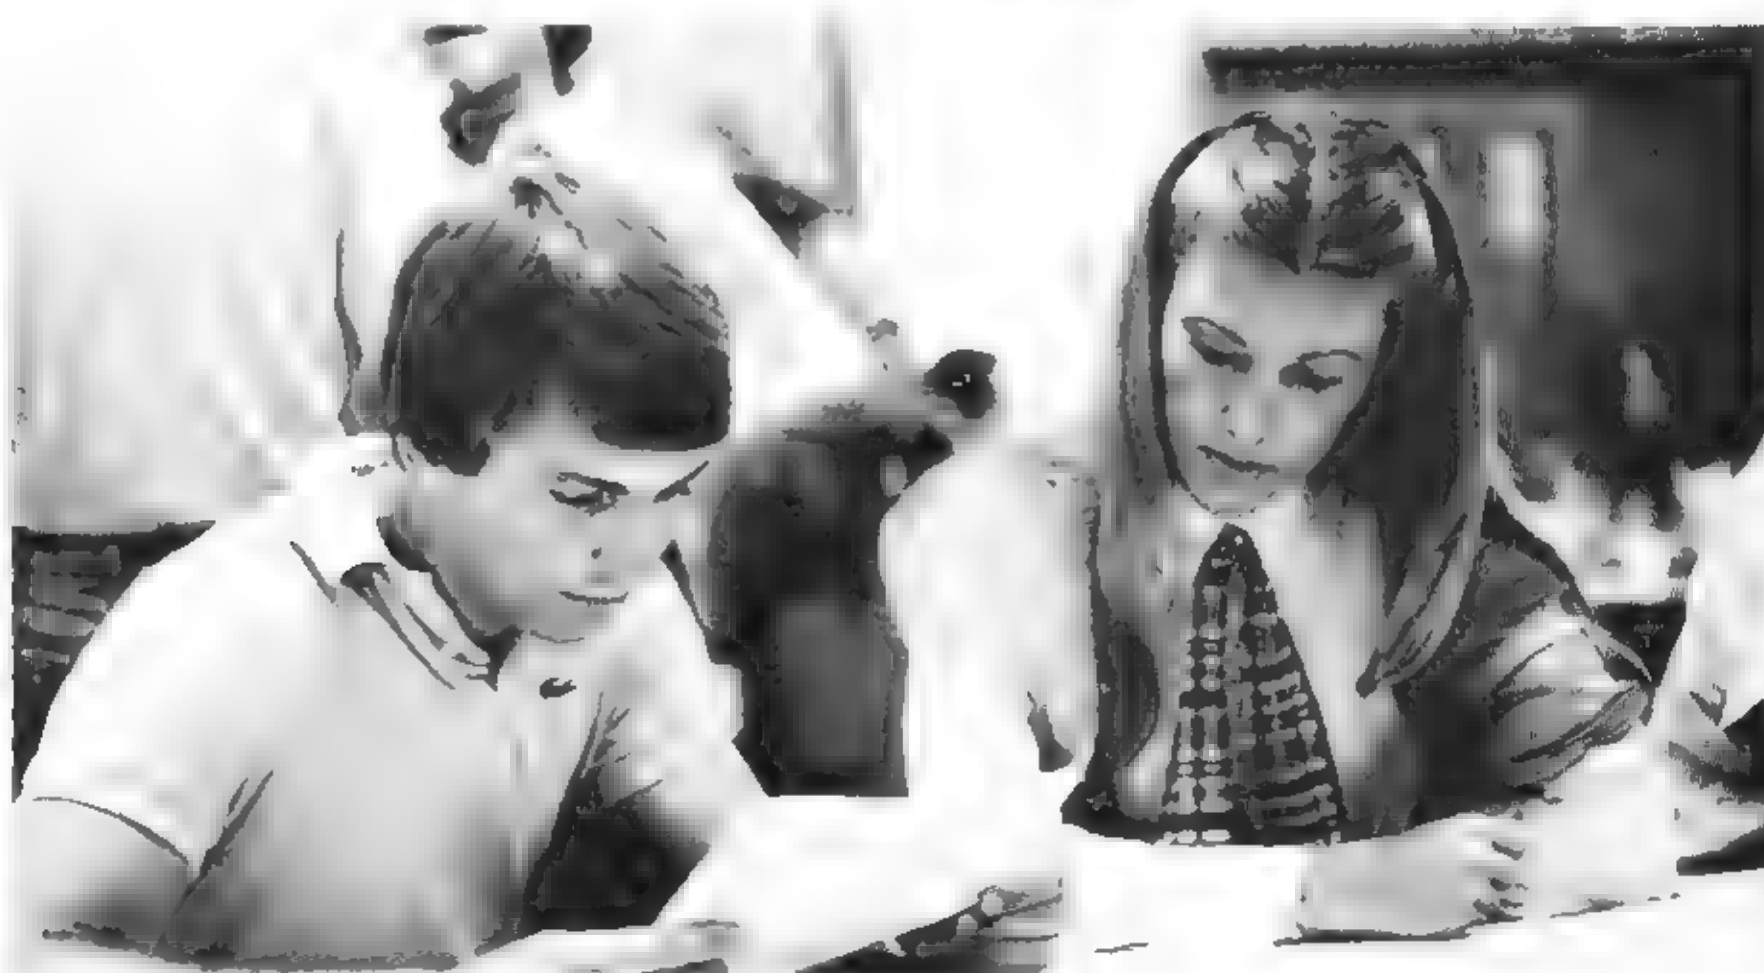

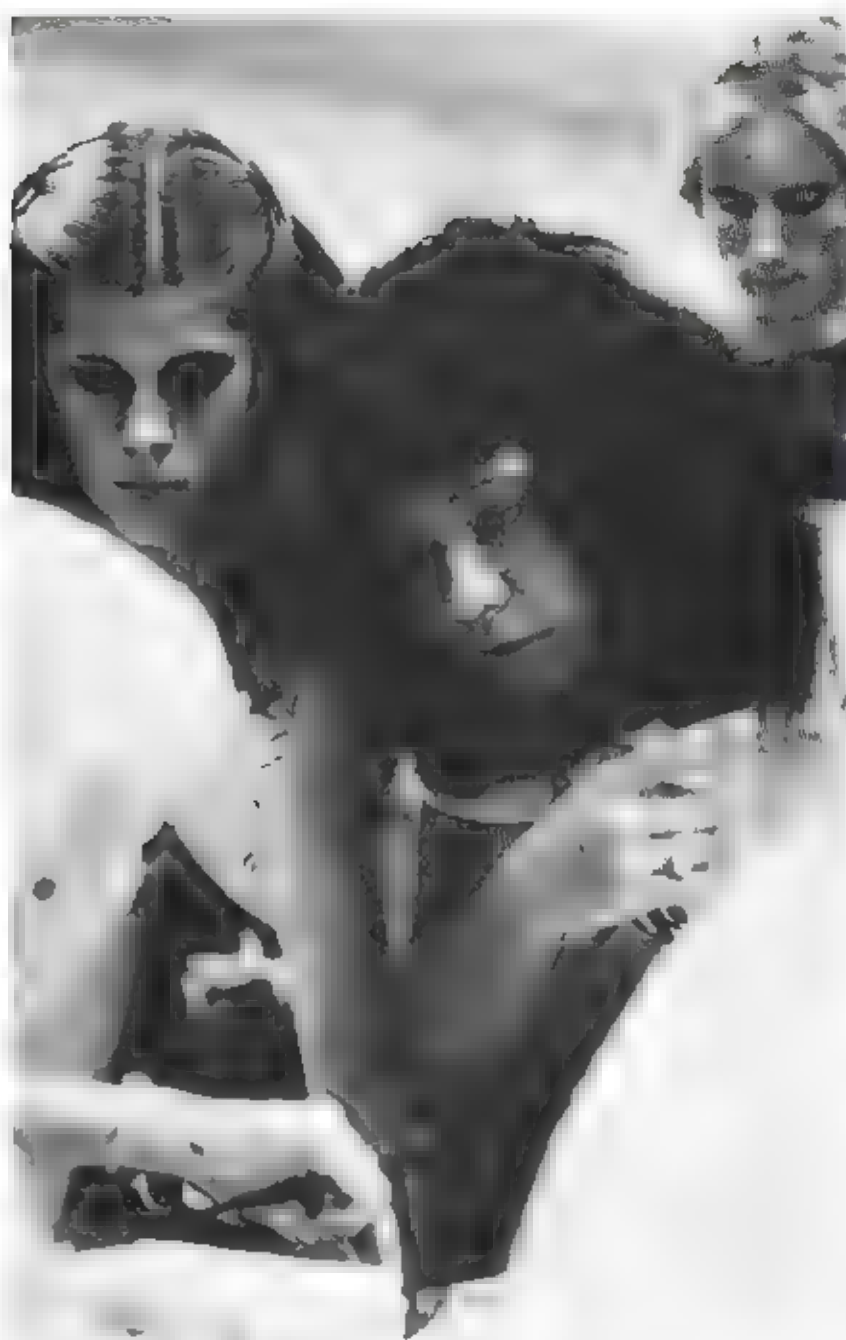

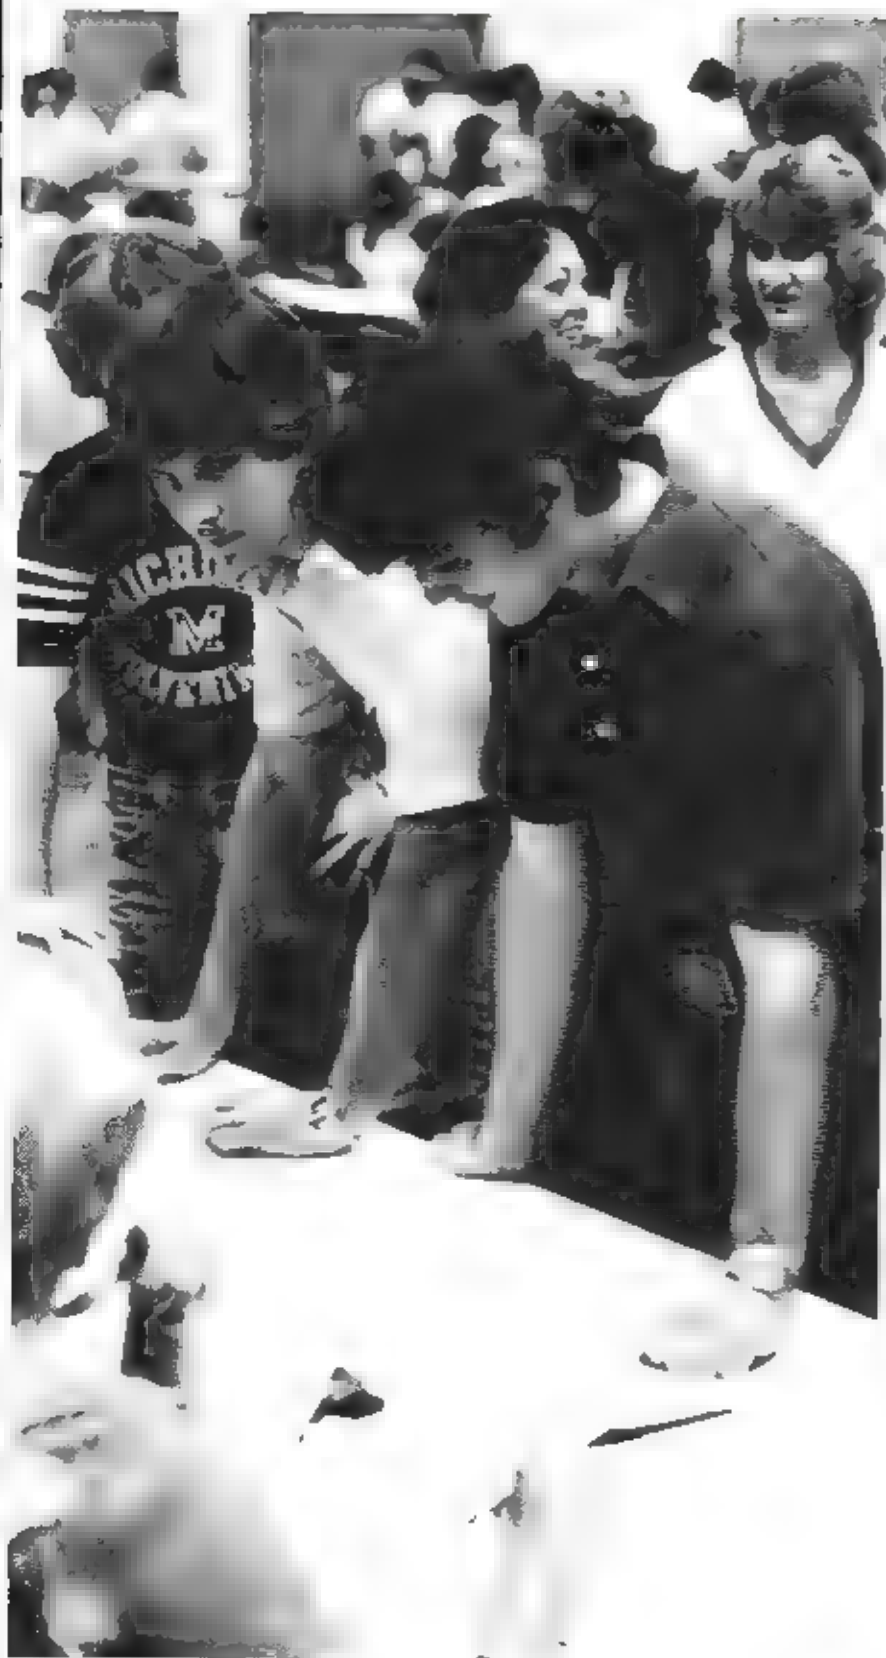

# 1,935 Students Register for Fall Semester

Amid noise and confusion, 1935 students finally registered for fall classes. Six hundred and one seniors, 677 juniors and 657 sophomores signed up for routine classes as well as several new courses. New courses included Child Care, a one semester course, Business Communications, Practical English Skills for seniors only, and advanced placement for senior students who plan to take advanced English in college.

Even though schedules were based on the semester system rather than the quarter this year, assistant principal Durwood Tonn said, "The biggest problem of registration is making sure all the computer cards get put in their proper places."

Bottom: Danny Grady looks over the master schedule with Deca instructor Kay Locke's help. p 105 Top Left: Bryan Waddle and Bob Gustwick register for English with teacher Elaine Sullivan. # Parade, Pep Rally and Carnival Draws Large Crowds

Below: Left to Right: Laura Lambert, Teresa Bisby, Mary Garcia, Flora Crisp await the start of the parade. Right: David Smith and Julie Sybert discuss the cakes at the carnival.

Although Homecoming came early this year, the spirit of the student body was high. Various activities took place throughout Homecoming week. Among these activities were overall day, twin day, urban cowboy day, dress-up day, and purple and gold day. There was also the ugly man, pretty-woman contest won by seniors Joe Sears and Vicki Way. The annual carnival, parade, and dance also took place that week.

Top Right: Bobby Buchanan portrays what will happen to the Richland players at the football game while Henry Griffith stands behind him. Below: Linda Vaughn grimaces after being hit with a sponge at the carnival. Bottom Right: Darren LaCroix monkeys around in the parade.

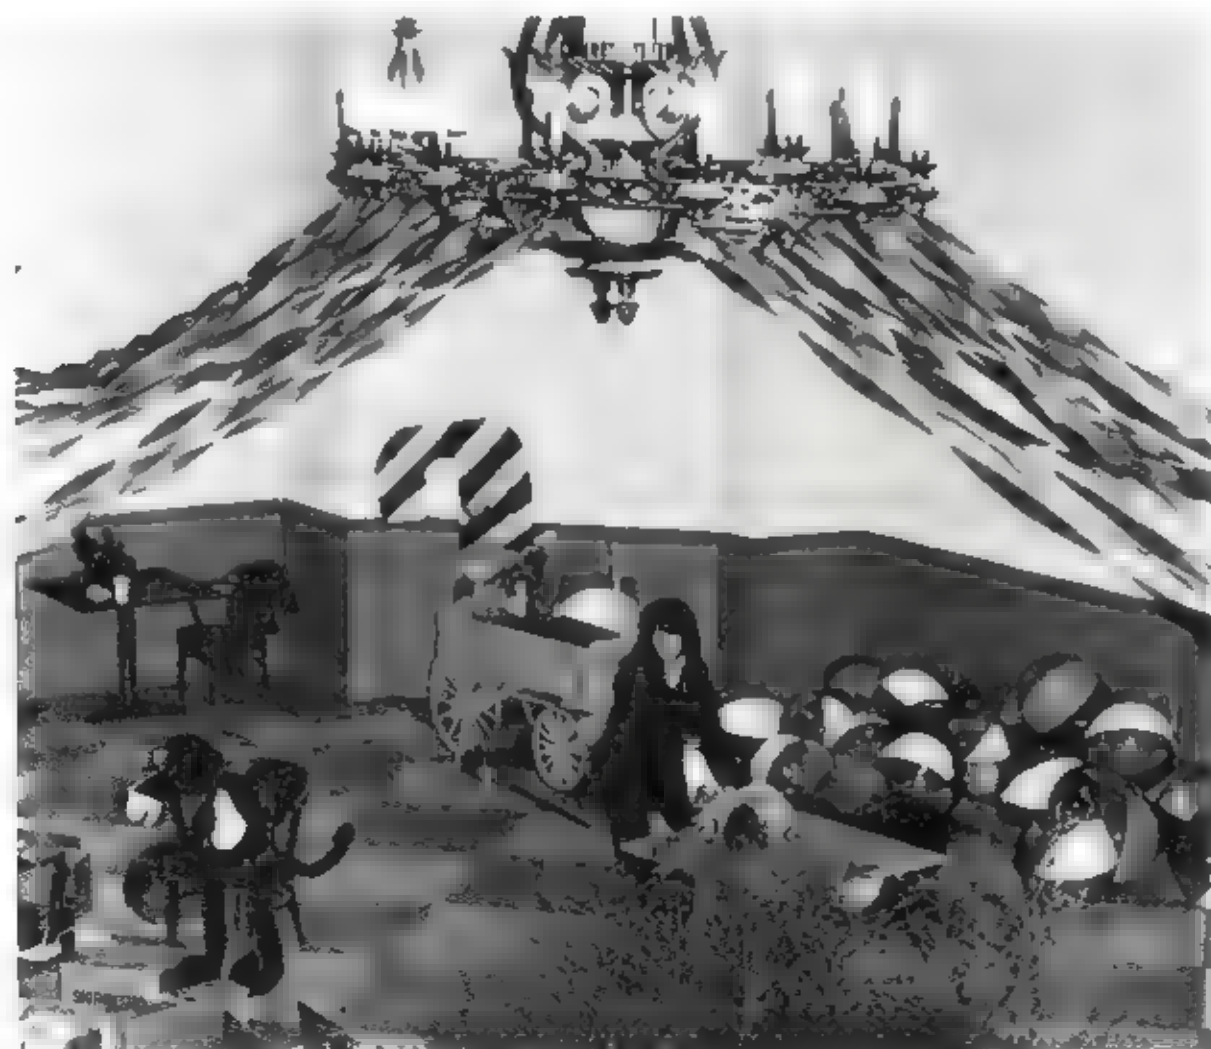

Cloudy skies threatened the festive activities on Homecoming day. Homecoming day, September 26, had been declared purple and gold day. Although it had been rainy all day, the parade at 3:30 still went strong. That night, in the cold rain, the Broncos gained a glorious win by defeating Richland by a score of 13 to 7.

# Student Council Organizes Activities

Homecoming activities, turkey teachers, the concession stands, and other special projects are all a part of the Student Council.

Student Council is the life of the school. Members try to keep up school spirit and help raise money for the school. It is also a leadership experience, giving a student the chance to show what he or she can do to help the community.

# What's Christmas Without a Party?

Christmas arrived again at Denton High School

To many of the students, Christmas was a time of parties, door decorating contests, dances, and no more school for two weeks.

There were students, who at Christmas time, thought about others. Gifts were exchanged between friends, and food boxes were sent to the needy.

But there were many students who stopped to celebrate the true meaning of Christmas, which is the birthday of Jesus.

# Nominees Compete for Favorite Votes

Although practice time was limited, the favorite skits were well received by the student body

The junior skit got the most response from the audience with their interpretation of "The Dating Game." Not to be outdone, the seniors kept the show alive with their version of "The Wizard of Claus." The sophomores performed a satire on the current television series "Three's Company."

Right: Diana Lopez tries to smile as she sorts carnations at 6 a.m. Far Right: Marcy Moss concentrates on her studies as her Valentine greetings float above. Below Middle: Coach Martha Sayles and English teacher Jackie McCormick patiently sort flowers.

Valentine's Day was a huge success! Flowers as usual were plentiful. At \$48 a dozen, roses were scarce, but carnations on the other hand were in almost everybody's possession.

Mrs. Vanna Ingram and Mrs. Jackie McCormick (sponsors) said that the junior class sold over 3,000 carnations. In addition to flowers, there were other gifts such as candy, balloons, and stuffed animals.

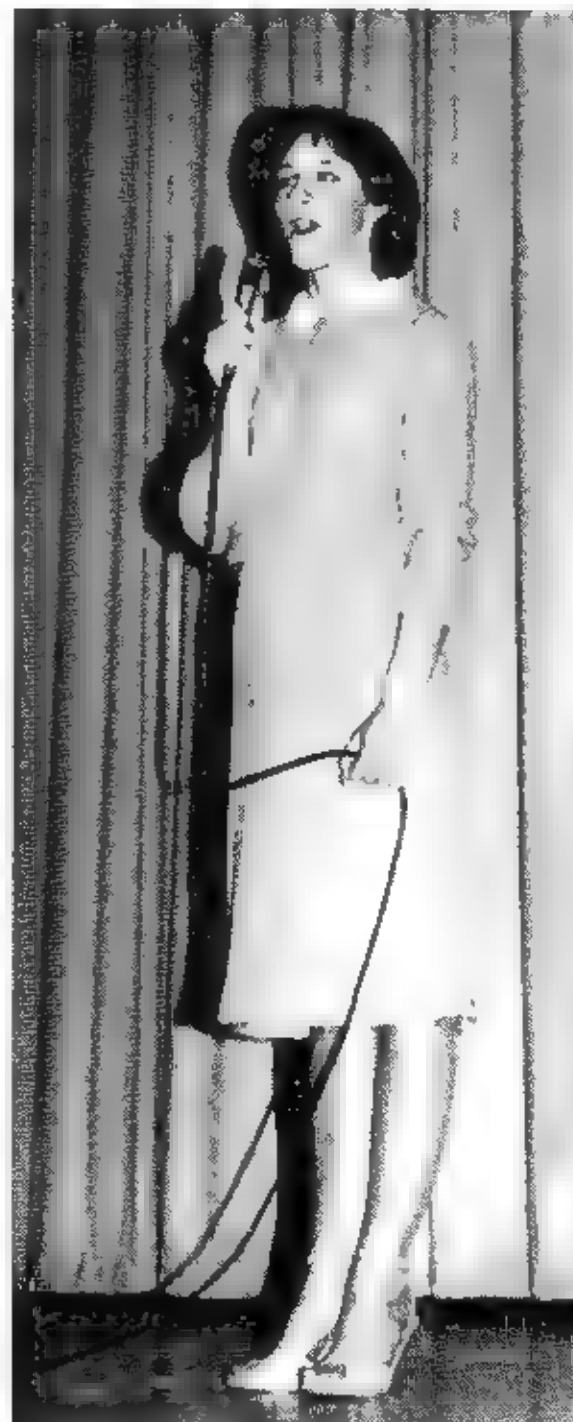

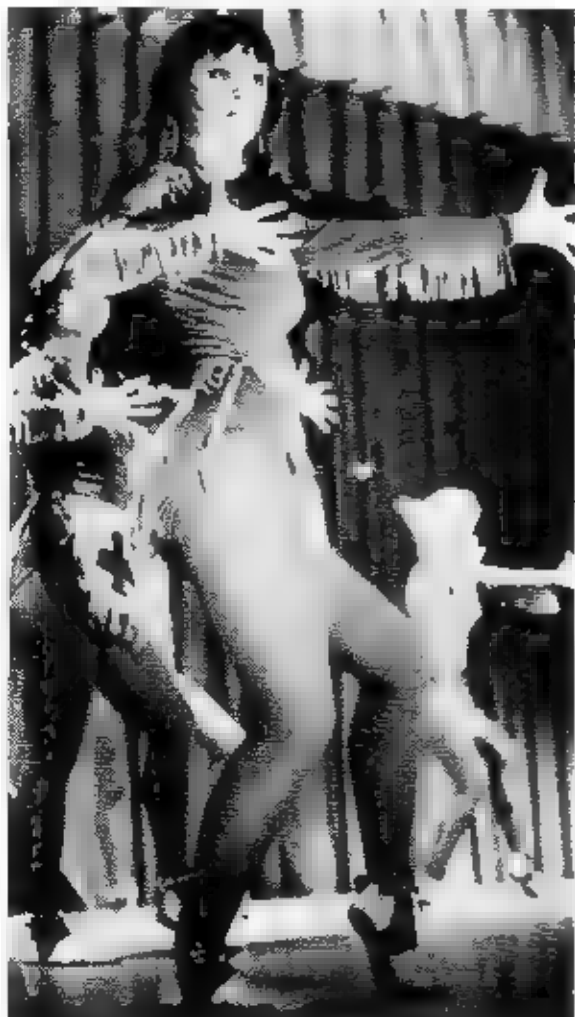

Top Left: Stella Kemp was the top carnation seller, selling 267 flowers. Bottom Left: Mark Brown grins as he receives yet another carnation. Bottom Right: Cathy Burch and Nancy Berg proudly display their armloads of flowers.

Bottom Right: Denise Evans, Marci Moss give their best during the finale of "Chattanooga Choo Choo." Bottom Middle: Bunni Bruce, Kelly Sackett, and Jeanna Hartman return to their childhood. Bottom Left: Dwain Bear, master of ceremonies, proudly displays his Indian headgear.

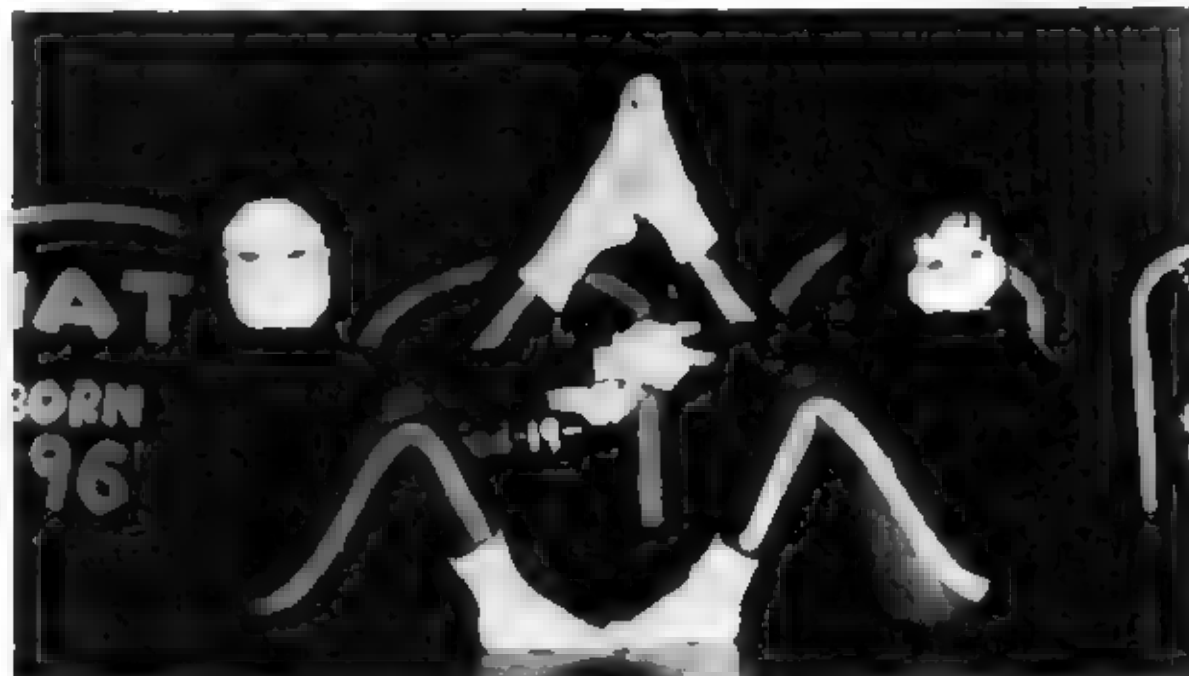

According to Bunni Bruce the Fillee Follies was better than Broadway and apparently that was the audience's opinion too as they gave the Follies a standing ovation. From singing to dancing the Follies gave an outstanding performance.

There were several individual awards given on the last night of the Follies. They went to Kim McKee, Fillee of the Year, Robin Green, Tried Hardest, Gisele Ghezzi, Miss Congeniality, Debbie Moran, Ticket Sales, and DeLena Russell, Most Constructive. The group awards were divided into three categories: Best All Around — Ten Little Indians, More than Ten Starlights, Small Group — Guey's Follies.

Left Jackie Ireland, Amy Glaze, Lynn Farrar and Judi Murdeck perform in the award winning routine, Ten Little Indians. Middle Left DeLena Mason and DeLena Russell dance to 'Singing in the Rain'. Middle Right Natalie English and Stacy Straubmuerer perform to the music of AC/DC's 'Back in Black'. Below Middle Suzi Vest, Tricia Leggett, Sherri Barrow, Debbie Moran, Gienda Stery and Kayn Stevie are shown in 'Bathing Beauties'. # Students Cast Ballots for Elections

The newly elected Student Council officers were D. J. Whitlock, president; Mark Steiner, vice-president; Gwyn Faulkner, recording secretary; and Connie Rollins, corresponding secretary.

The voting turn-out was a big disappointment. Out of approximately 1900 enrolled students, only 75 ballots were turned in.

When asked of her plans for the Student Council, D. J. Whitlock stated that it would work toward more student participation. "We want to get people fired up."

Top Left: Mark Steiner uses a new approach for holding audience attention. Top Right: Gwyn Faulkner, the only candidate for recording secretary, briefly explains her credentials. Bottom Left: The officers for next year are Mark Steiner, Gwyn Faulkner, Connie Rollins, and D. J. Whitlock. Bottom Right: Tom Faust and Gaynell Norton cast their ballots.

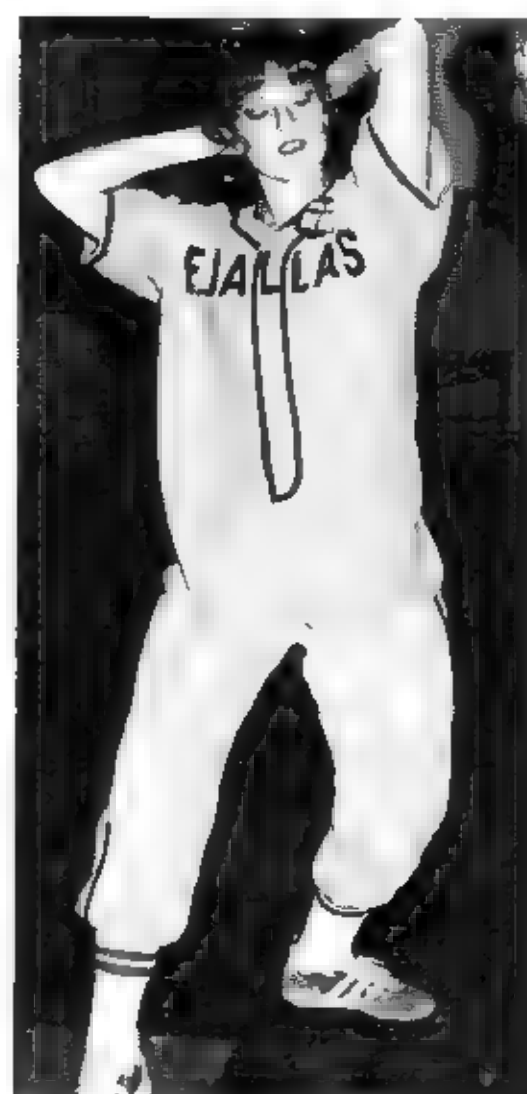

# Mardi Gras Dance Makes Hit

Approximately 70 students attended the first foreign language Mardi Gras dance. A king, Tom Vitro, and a queen, Gsela Ghezzi, were crowned. Awards for best costume were given to Debbie Cottle, Philip Howard, Scotty Midgett, Tammy Eichelberger, and Hedi Kemp.

Top Left: Philip Howard and Debbie Cottle attend the Mardi Gras dance. Top Right: Tom Vitro converses with Hedi Kemp, the matador. Bottom Left: David Roush and Tracy Taylor skate around the dance floor. Below: Libba Bray portrays a dancing baseball player.

Top Right: Eric McWilliams and Julie Whiteley share an unforgettable moment. Below Left: Becky Miller inspects her make-up job as she plays an old woman. Below Right: Julie Whiteley reveals her dramatic versatility in "Bull in a China Shop." Bottom Left: Anita Gonzales and Becky Miller prepare to serve poison tea as they portray two old ladies in "Bull in a China Shop." Bottom Right: Mickey Mintline, Gabe Hodge, and Jamie Magee as murderous old ladies, gather around a tea cart.

Modest crowds turned out to see three performances, "A Bull in a China Shop," "Dirty Words in High Places," and "Pygmalion" by the drama department. As always tickets were 75¢ each and the curtain time 8 00

Top Right. Richard Beaver stands in amazement of the villian in "Dirty Words in High Places." Top Left: Trickster, played by Cheryl Peterson, ponders another double-cross. Below: Paula Patrick, as Ms. Yes Person. Bottom Left Gentle Grimes, portrayed by Doug Jardine, forces his dastardly attentions on Little Saccharin, played by Liz Leach. Bottom Right: Terry Edwards, as Grandpa, and Kathy Allen, as Grandma, plead with Gentle Grimes.

## Extra Hours Spent in Club Activities

The organizations cover such a wide variety of interests and activities that almost anyone who wishes to be involved may do so.

Several of them, such as the music and career related groups, require enrollment in the program.

An activity that most clubs engage in is selling. The Spanish Club, Fillies, National Honor Society, and the Drama Club sold M & M's, while the band sold cheese, wrapping paper, and lightbulbs. The German Club made a hit with the novelty of gummy bears.

Two new clubs were formed this year — JETS, Junior Engineering Technical Society; and YAC, Youth Against Cancer, which works with Ann's Haven Hospice.

## *Achievements*

## Mr. and Miss DHS: Curt Erwin, Kim McKee

Curt Erwin and Kim McKee have been described by their friends as, "dedicated Christians." "I feel that I've grown up since I've been in high school. My relationships with both God and my friends have changed; they've gotten deeper," says Curt Erwin the 6 foot blondhaired senior. Kim feels that once you have a good relationship with God then everything else will fall into place.

Curt kept stats on the sideline for the Varsity football team after a neck injury that will keep him from playing football again. He is also president of the Key Club. Kim is a member of honor society and has been on the drill team for the past two years.

When asked for advice for incoming students, Curt said "High school can only be as fun as you make it. Stay away from social cliques and accept people the way they are." Kim said, "Set your own priorities. Know what you believe in, and never be afraid to stand up for what you think is right."

## Senior Favorites: Thomas Bresnahan Debbie Dunker

"He's the best kicker in the state; he's a fiery competitor. He does not like to lose," says Kerry West football coach, about Thomas Bresnahan.

Besides football, Thomas also was captain of the soccer team, president of the senior class and Honor Society.

Debbie Dunker was on the drill team and a member of Honor Society. Her plans after high school are to attend Notre Dame and major in Medical Research.

Thomas recalled his most memorable event at a football game against Lewisville. "We were down by two points. I had to kick a 41 yard field goal, and I made it. Everyone was really happy; it helped the team."

When asked for advice for oncoming students, Debbie said, "Be yourself and enjoy high school. Make the best of it, but don't let your grades fall behind or you'll regret it later."

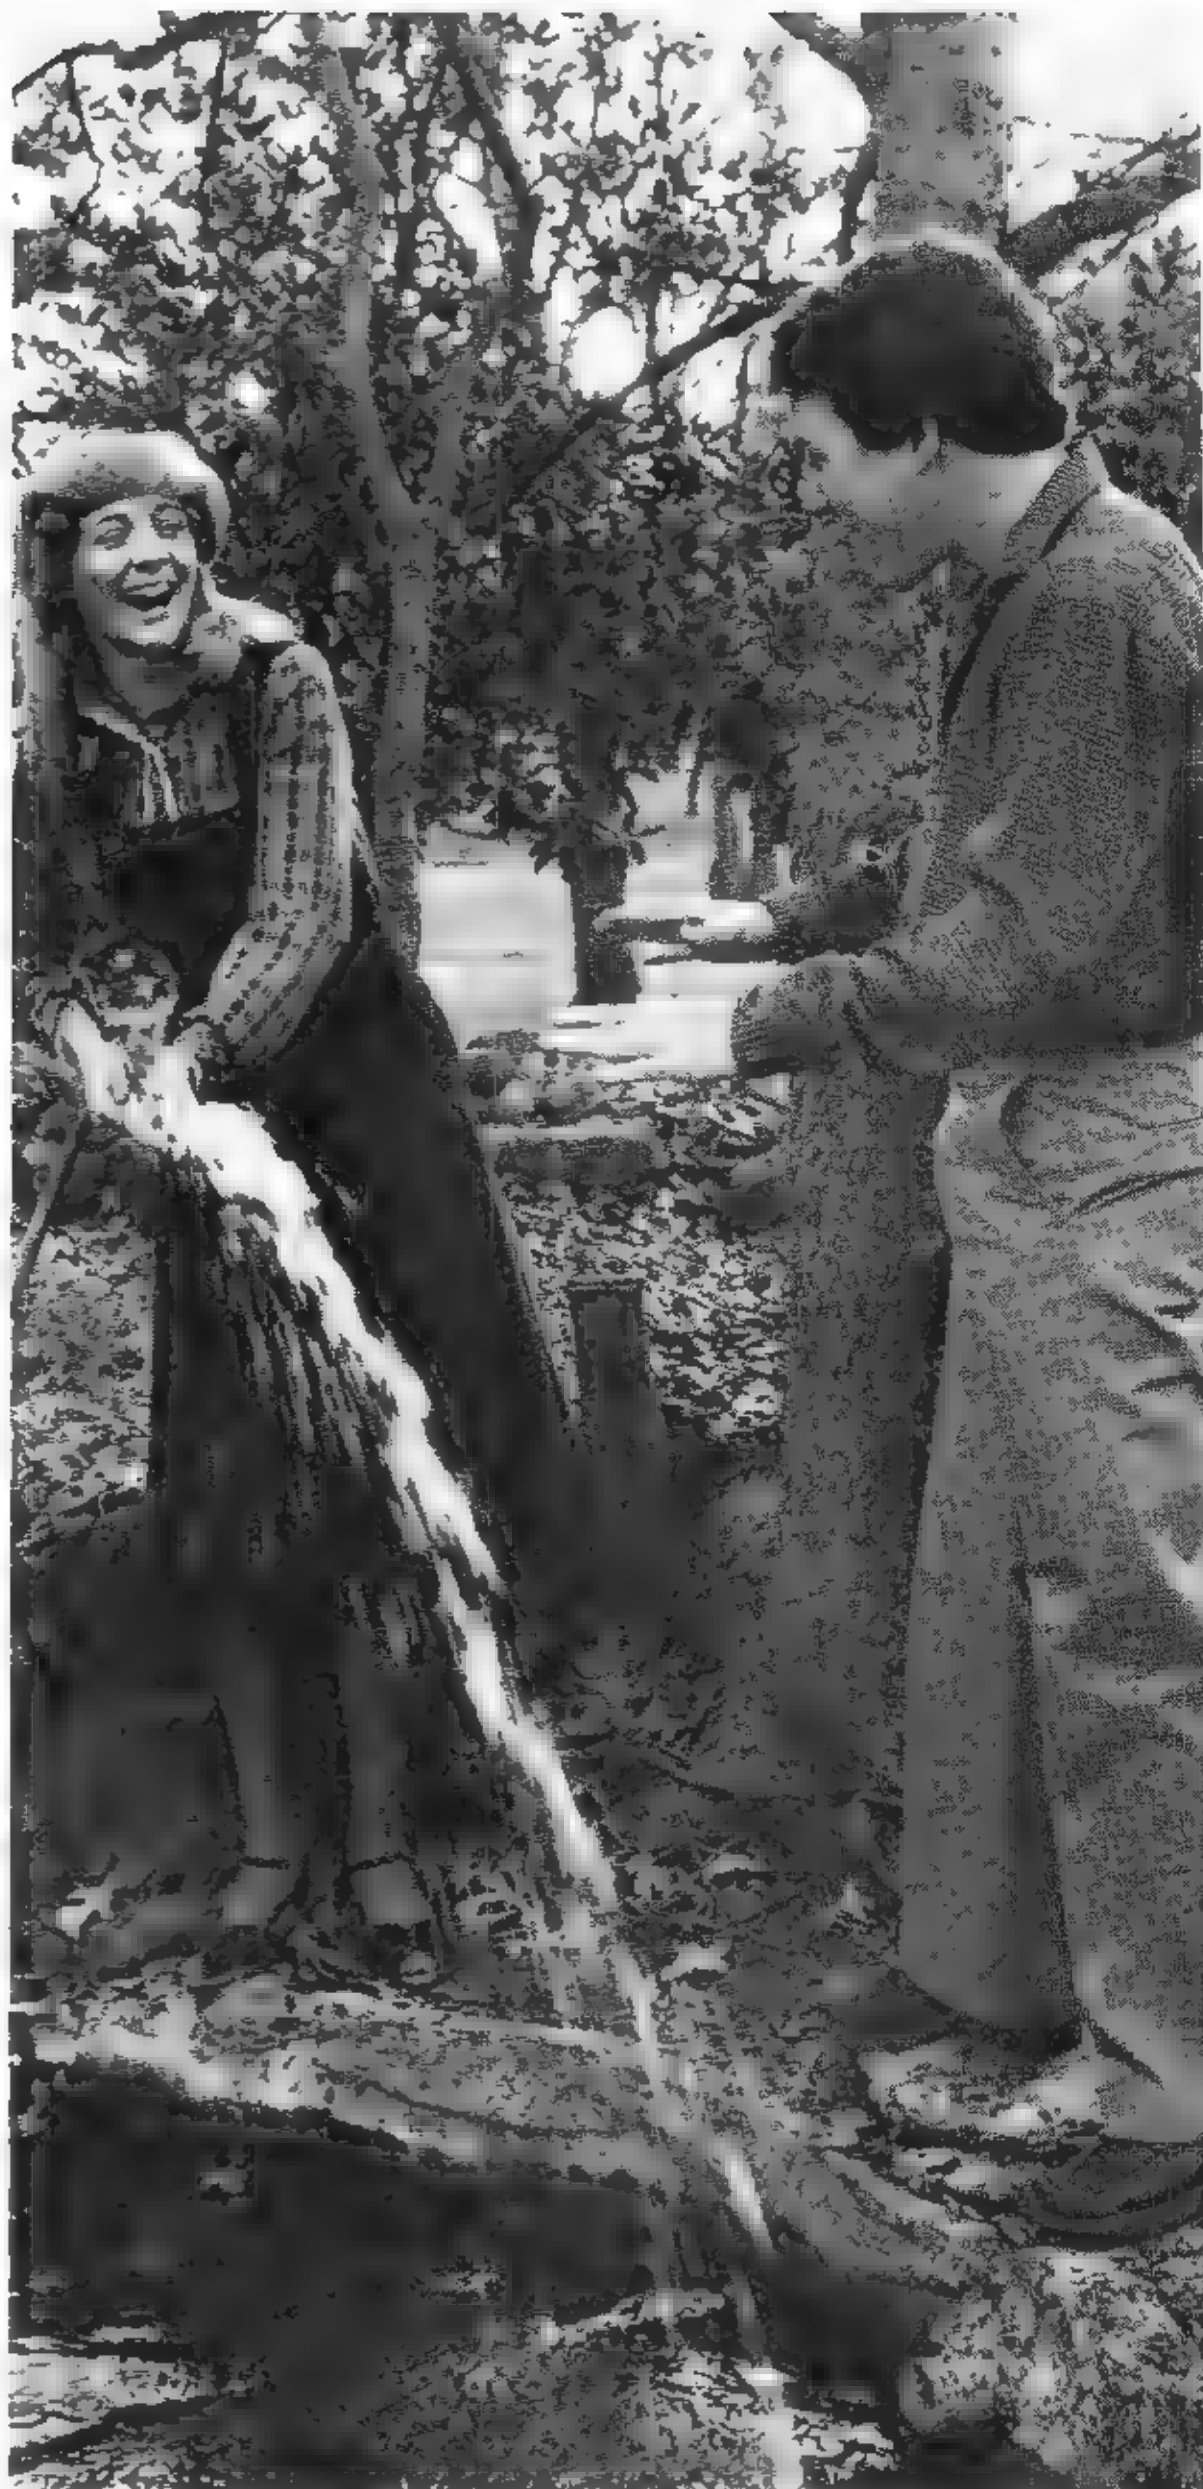

## Junior Favorites: Scott Brown, Jeanna Hartman

"I love it," said Jeanna Hartman when asked about high school. Both Jeanna and Scott have lived in Denton most of their lives. Scott has played on the J.V. football and baseball teams. Jeanna is in Student Council and has been on the drill team for the past two years.

"My most embarrassing experience was lifting my dress up in favorite skirts," said Scott.

When asked for advice for future students Jeanna said, "Be yourself and make the most of high school. It only happens once."

## Sophomore Favorites: Glen Franklin, Amy Glaze

"It was an out of town football game, and we were all out on the field, I forgot the count and had to run and catch up with the others," said Amy Glaze describing a drill team routine.

Glen described his most embarrassing experience. "I was walking home one day and this car started chasing me. It drove up on the curb and I started to run as fast as I could. The next thing I knew I had run right into a pole! I looked up to see Vicki Hansen laughing."

Amy said, "I felt afraid coming to high school. Everyone told me it was so much harder. Jamie Pate helped me a lot. She always remembered and always had something positive to say. Also my mother is very close to me and is always there when I need her. "Glen feels that his father has helped him, "He got me started in sports, and has always been there."

# Homecoming Queen: Michelle Cole

"I was practicing a skit for Fillic Follies and all the cameramen and stage crew were there. I had on my dad's big shorts and they fell off down to my ankles. All I had on was my underwear!" laughs Michelle Cole, Homecoming Queen. "This was my most embarrassing experience."

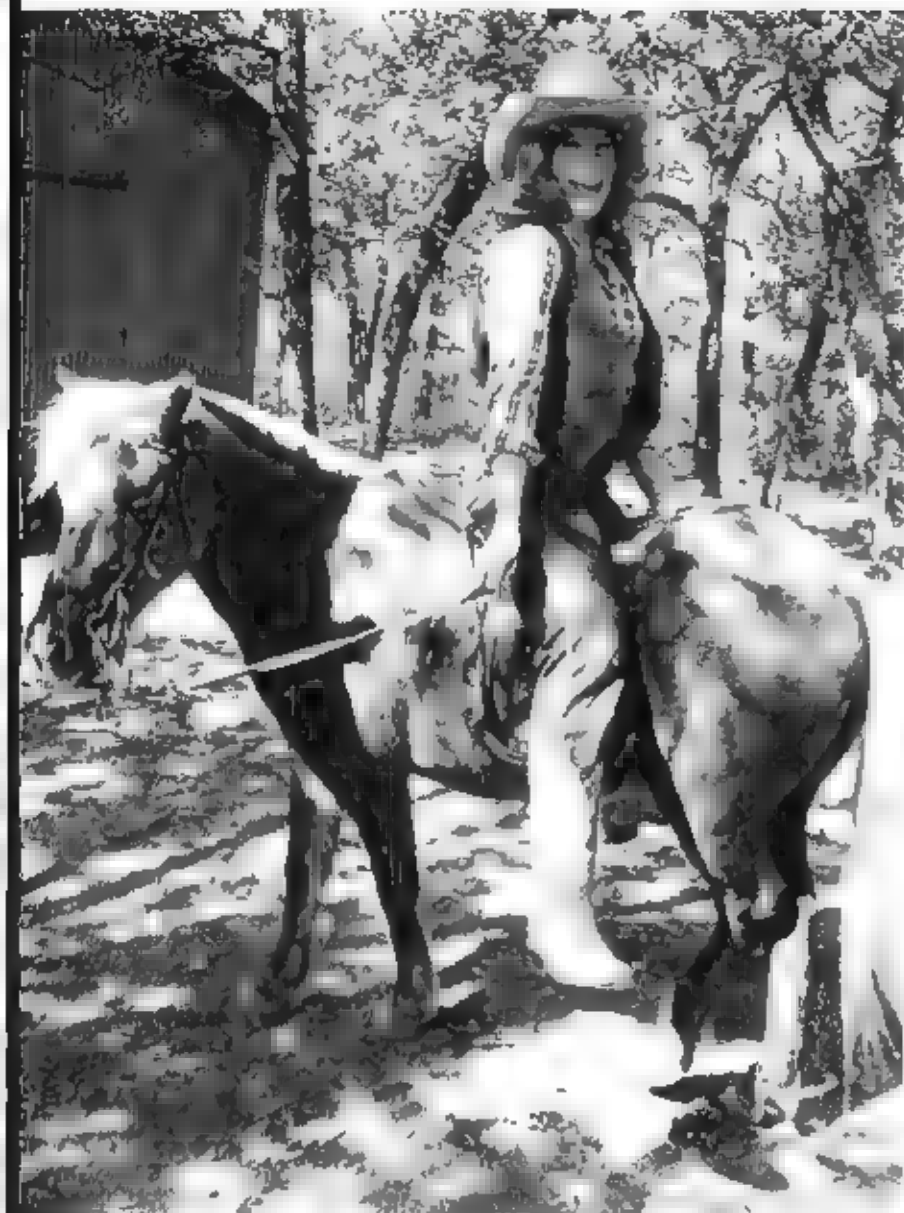

Besides Fillic, Michelle is also on the track team. She hopes to get a track scholarship for college. In her three years at DHS Michelle has maintained an average of 87. When asked for advice for new students, Michelle says, "Don't goof off — get your work done or it catches up with you later; have fun and use your time wisely."

Michelle feels her best teachers at DHS were Coach Peteet and Mr. Dieb.

"They have all the qualities of a good teacher," says Michelle. "They see you as an individual not as a class, and are interested in you learning the subject."

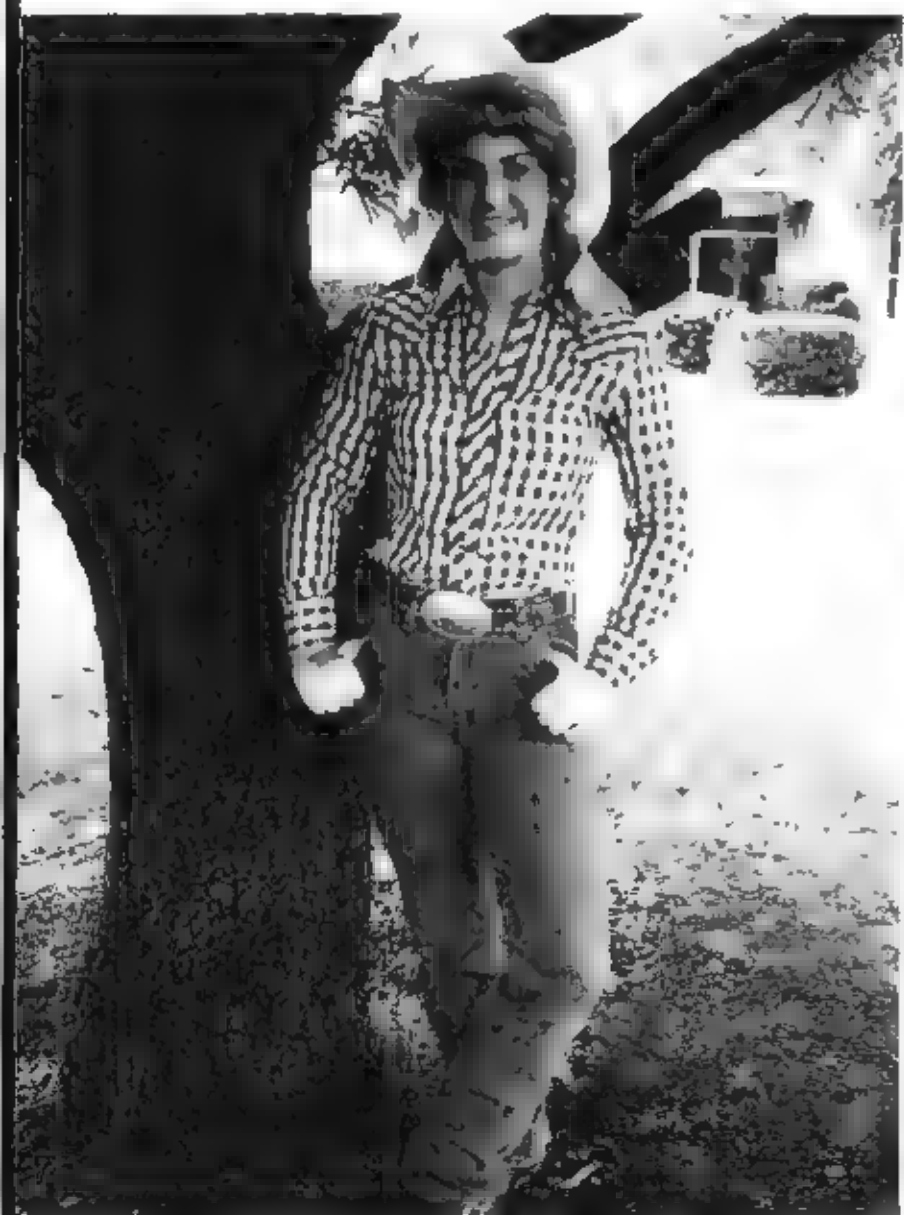

When asked how DHS could be improved Michelle said, "There's too many cliques. People should look upon each other as an individual instead of by the people they run around with." Michelle adds, "Homecoming Queen is an honor. The fact that everyone picked me will always have a special place in my heart."

# Homecoming Princesses

# Valentine Sweetheart: Jennifer Stevens

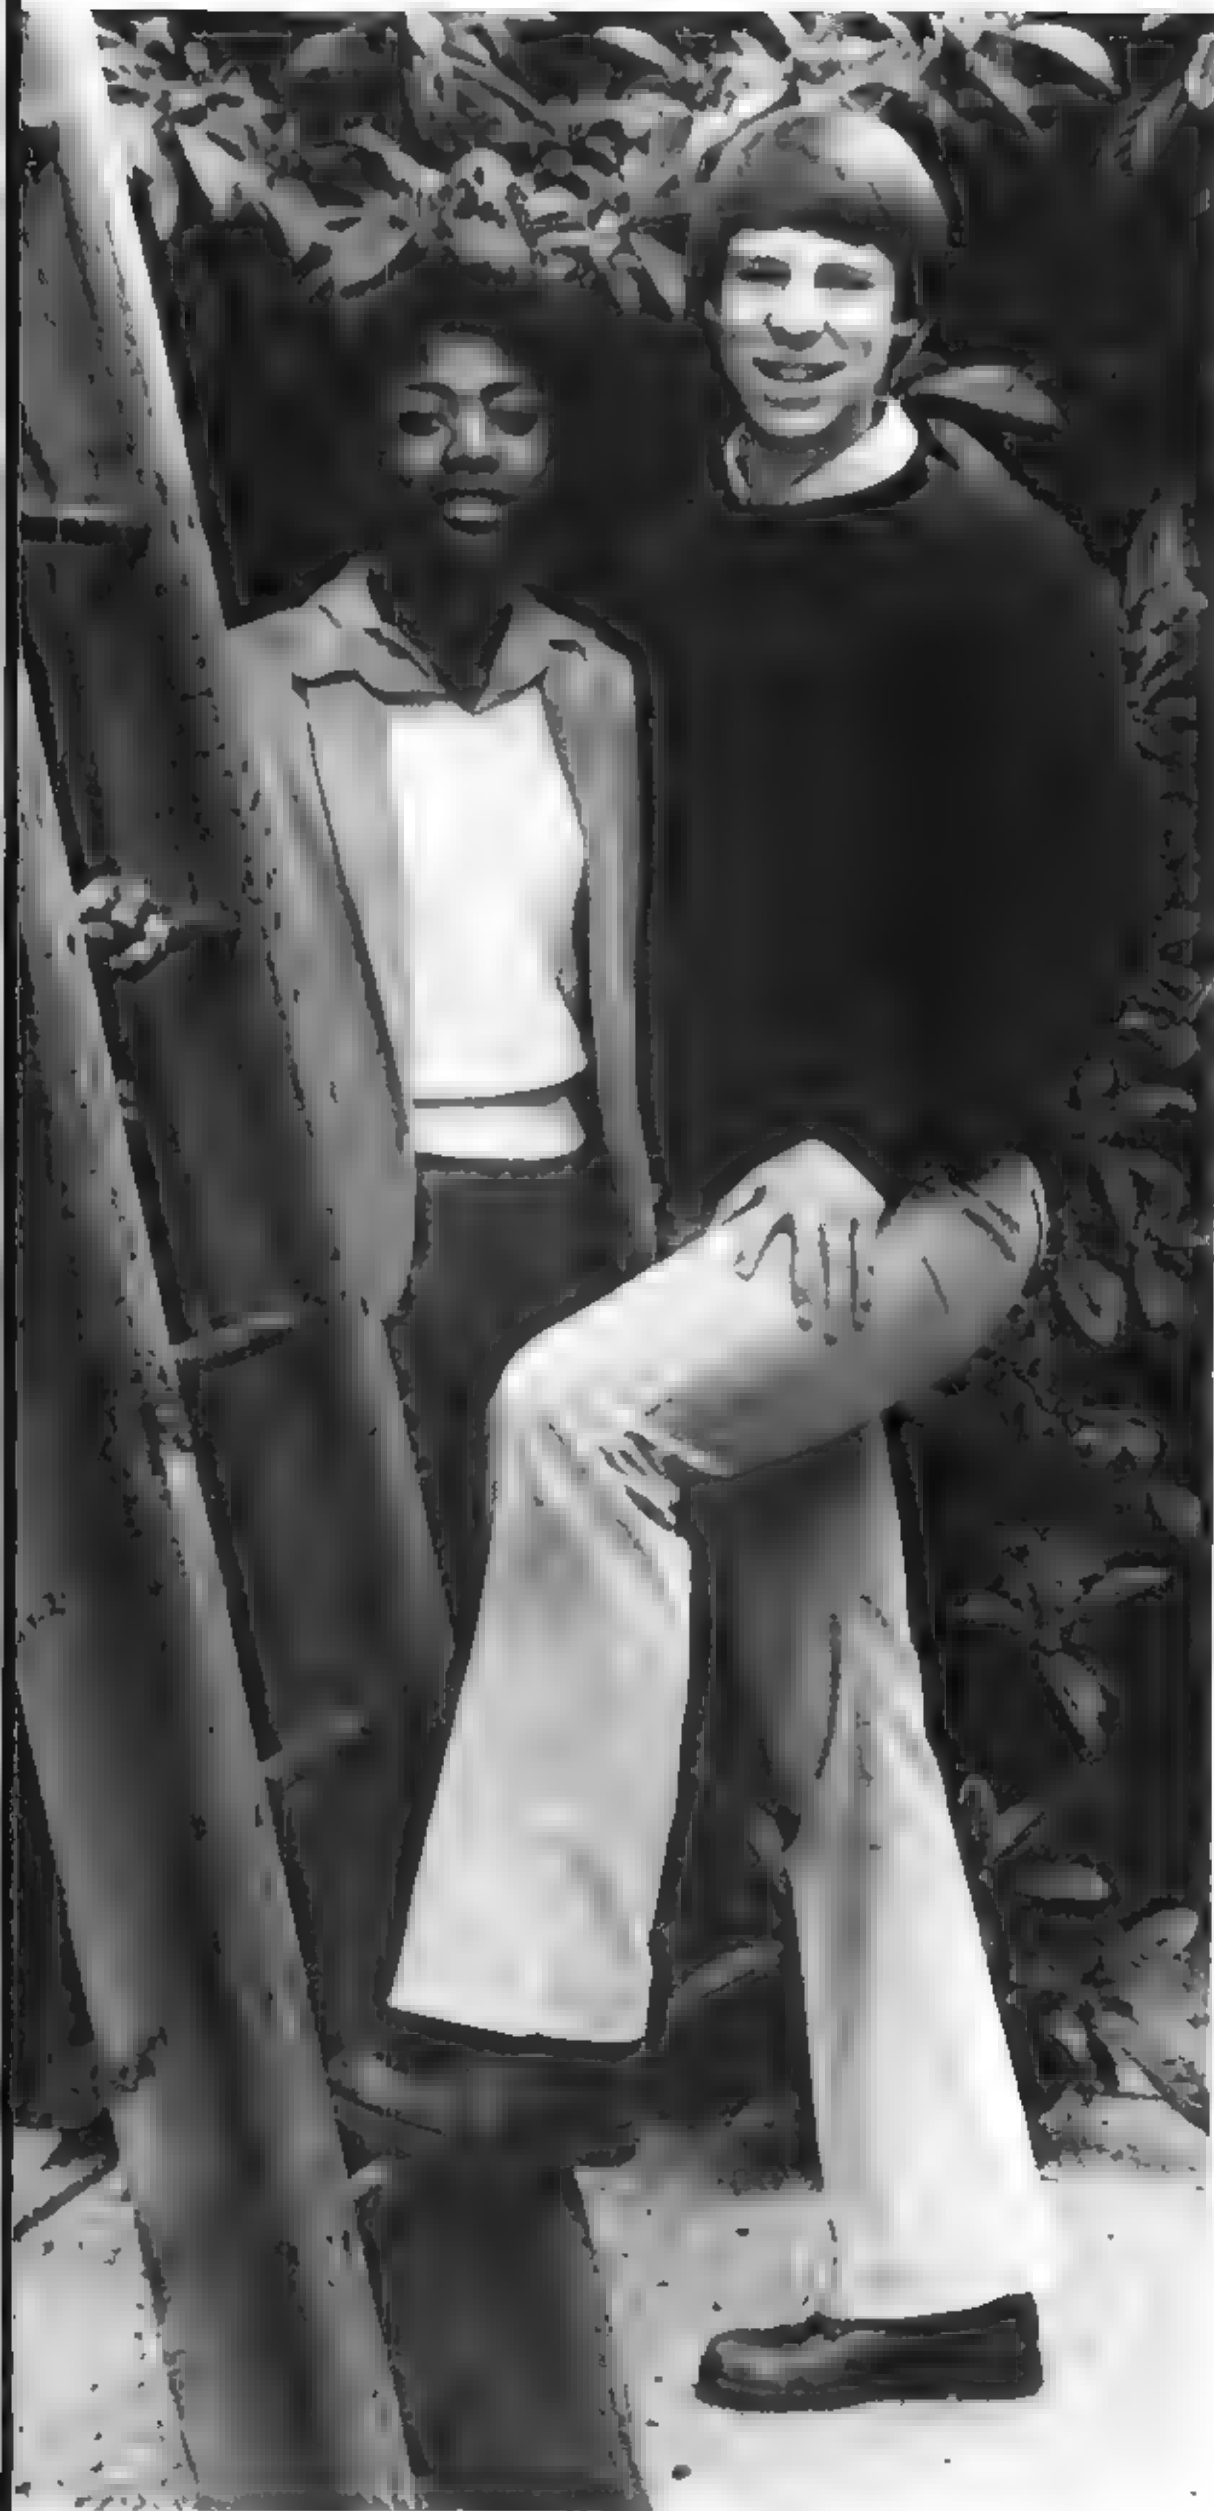

"It was a dress rehearsal for a musical and I had to wash my hair on stage. I forgot to wear waterproof mascara, I was so embarrassed" said Jennifer Stevens

Jennifer, an 'A' student, participated in choir and Student Council. She felt that Mrs. White and Mrs. Burlage helped her the most in high school. "They both love what they teach," said Jennifer.

When asked for advice for incoming high school students, Jennifer said "Take school seriously. It passes by so fast. Take the chance while you have it or you will regret it later."

Jennifer planned to attend A & M University and major in Liberal Arts.

## Basketball King, Queen: Paul Berg, Cookie Jackson

"I want to go to the Olympics," said Cookie Jackson. "I want to be a model. I'd like to get a scholarship for basketball or track."

Cookie was on the J.V. basketball team, Varsity track team, a member of Student Council, 'S' Club and R.O.T.C.

Paul Berg, a forward on the Varsity basketball team, was also vice-president of Honor Society, and a member of the Student Council. Paul's goal was to attend medical school and to play basketball at a small college.

# Top Ten

FRONT ROW: Tina Jordan, Lynn Zant, Stewart Herrington, John Hefley SECOND ROW: Cory Courtney, Amy Mitchell, Charlie McCollum, Jody Rosentswieg, Betsy Culp, Gaynell Norlon

The only requirement for Top Ten is grade point average," said Amy Mitchell. "The ten students with highest grade point average are the "Top Ten." My grade point average was earned by a lot of darned hard work." Lynn Zant said, "I got Top Ten by setting high goals and striving to achieve them." Tina Jordan said, "I think you'll find most people in the Top Ten like school and while they don't worry excessively about grades, they care what they make."

When asked how good grades were accumulated, Jody replied, "Good grades seem to run in the family. Maybe I'm weird to like school, but maybe I like school because good grades have always seemed pretty easy for me to make." Amy said, "Up until eleventh grade I never thought twice about making A's. It was just something I'd always done." "My enjoyment of school makes good grades easy," said Cory Courtney. Lynn added, "I schedule my time so I can study and have free time for things I enjoy." "I care what kind of grades I make," concluded Stewart Herrington.

Asking for study tips got a lot of suggestions. "I advise other students to listen dur-

ing class. Then it doesn't take as much time outside of school to study to understand the material," advised Lynn. Charlie McCollum said, "Learn self-discipline, make yourself sit down and do your homework." "I go over my notes for a little while every day, and come test time, I'm already prepared," added Tina. Betsy Culp suggested, "Instead of rejecting or fighting teachers and the learning process, they should realize what a vast amount of doors that education can open for them if they will only learn." Jody added, "This is not a question to ask of me, I happen to be the world's number one procrastinator, I tend to do assignments and study for tests the class before the homework is due or the test is to be given."

Quite a few of the Top Ten students had a hard time deciding on their favorite teachers. John Hefley said, "I don't think I could say I benefited from only one teacher because I learned a lot from them all." "All the classes I have taken at DHS have benefited me equally, because they have provided experiences that will make me appreciate different aspects of life," added Lynn.

# National Merit Semi- Finalists

National Merit Semi-Finalists are chosen by their scores on the Preliminary Scholastic Aptitude Test. Each year a new cut-off point is calculated, and those whose scores are at or above this point are selected as National Merit Semi-Finalists. "Also, of course, the selection is based on other things, like club involvement, personality, drive, and good grades," Geoffrey LaForte said.

The semi-finalists said grades are not really a factor for National Merit. Stan Simmons said, "It's not only grades but a so church, school, and community activities." Doug Wilson added, "I think motivation is important in getting good grades, and for motivation to work, it has to come from you, not parents, not teachers. In other words, set goals for yourself and then work to meet those goals." Geoffrey added, "My grades are certainly not such good, I mean, hey, since I've been here I've lost 10-15 points in class ranking. You might notice that none of us four are in the top twenty."

When asked to give study tips, Doug said, "You can pick up most things in class by listening and writing down a few of the more important things. If you have to memorize something, take it in sections and condense it down to a key word that will remind you of that section. Key words that rhyme are even easier to remember." Geoffrey said, "I think a good attitude is important, that is enjoying learning things. Really, anybody who reads a lot and can remember it, can be very bright."

Doug Wilson and Stan Simmons chose Mrs. Scott as their favorite teacher. Doug said, "I came into her class with a very bad attitude toward math, but her interesting class and attitude to teaching in general helped me fix my attitude toward learning." Stan concluded, "She is one of the few teachers that I have had who takes the time to really 'teach' the students on a one-to-one basis. She cares whether or not students learn what she is teaching." But, Geoffrey's choice is Mrs. Burlage. "I enjoyed contact with a mind of her breadth and knowledge. There are a lot of good teachers here, but I think Mrs. Burlage is probably the best."

# Varsity Team Almost Reaches District

The Varsity football team coached by Jim Bateman, Fred Grindle, Larry Smith, Bill Peteet, Charles Bode, Vernon Reeves, Kerry West, Joe Martin, and Tommy Blair, finished the year with a good record.

"This year's team had really great players," commented Coach Fred Grindle, "and they played hard. The team came extremely close to tying Sherman for district. The only thing, if we had tied Sherman, is the winner would have been chosen by a toss of the coin."

At this year's annual football banquet Pete Devereaux, for the second year, won the Most Valuable Player Award. Bill Ewton was awarded Defensive Player Award while Alan Cudd received Offensive Player Award

Devereaux gained 918 yards this year before being injured halfway through the season. Others named for the first and second All-District teams were Thomas Breshnam, Amos Green, Barry Blackwell, Tom Bridges, Joel Crouch, Alan Cudd, Bill Ewton, and Richard Mason

## J.V. Finishes Year 3-7

The Junior Varsity team despite its many difficulties, ended the season with three wins out of seven games.

One of the problems the team had was four of its offensive starters were moved to the Varsity team after the beginning of the season. Because of this change, it took awhile for the team to get back into the swing of things. The JV players ran scout team for the Varsity team, which gave them little time to work on their own plays.

The leading rusher for the 1980 season was Larry Moore, with 700 yards. John Salsman was the leading tackler with 99 tackles. Coach Grindle felt that it was team effort, however and not individual players, that won the games.

## B-Team Finishes Strong — 6-4

The B-team was strong this season, ending with six wins and only four losses.

The team's game had many strong points; among them was their tailback Steve Brice, who scored a total of 17 touchdowns. They played three types of option football which was greatly contributed to by quarterback Jay Catlin's speed.

Coach Blair said of the sophomore players, "I enjoyed working with the guys. They were always enthusiastic, and they played hard every game. You can't ask for much more than that."

# Volleyball Team Greatly Improves

The Varsity and JV teams this year, under the coaching of Mary Lou Veal, improved 100% with respect to last year's record. "The teams made improvements in every phase of its game this year," said Coach Veal, "and doubled its wins over last year. The girls played together and stayed together throughout the season. That's something to be proud of."

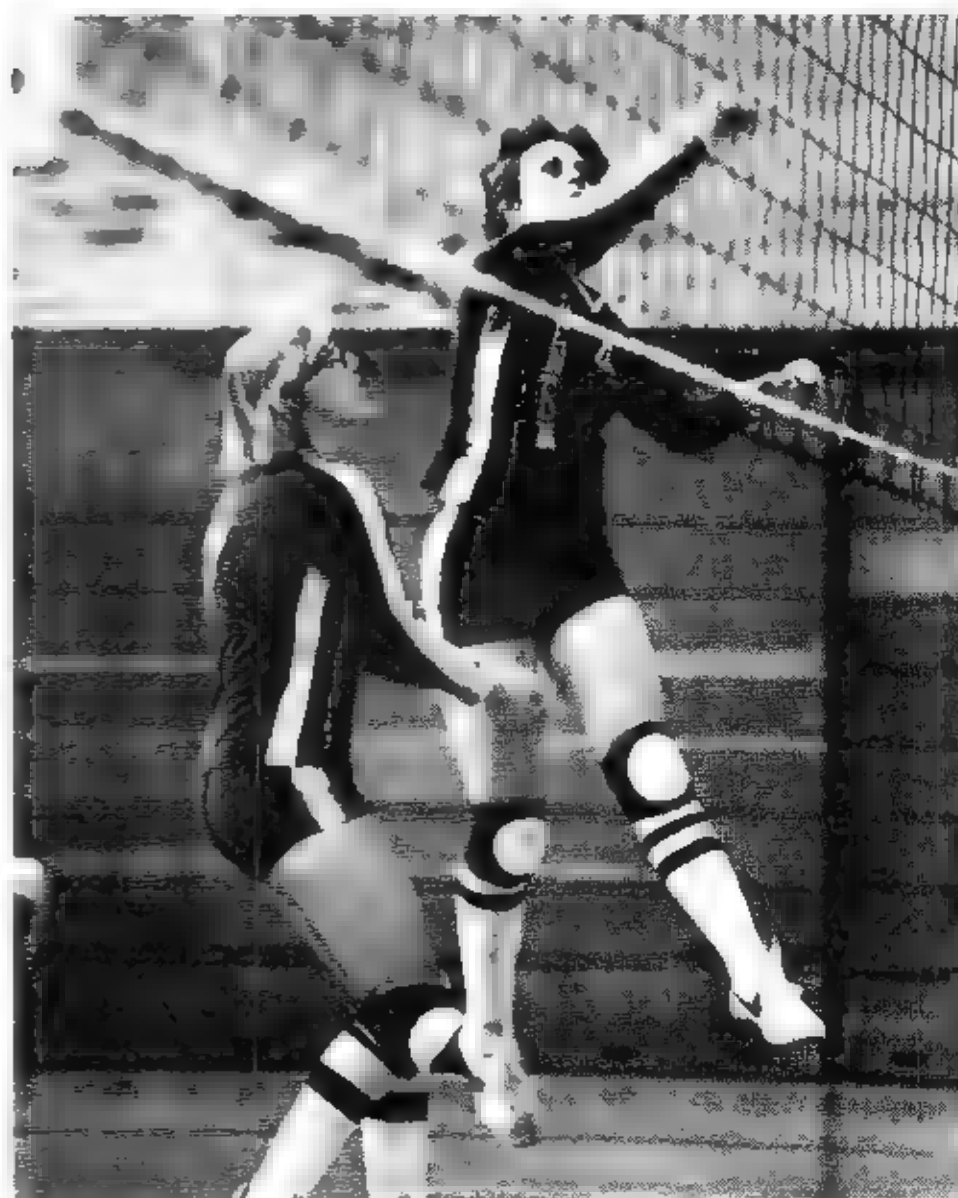

The Varsity team finished with a record of 6-10. The JV finished with an 8-8 season. Awards won were by Angela Allen "All Tournament" and the JV team won a consolation trophy at Grapevine

# What's a Game Without a Good Crowd?

Support is the name of the game, and at major athletic events, students turned out in droves to meet with friends, eat junk food, march in the band, and, oh yes, cheer for the Broncos.

The fans' efforts did not go unrewarded. The varsity football team, cross country team, volleyball and basketball teams all produced winning seasons.

# Those Unforgettable

# Those Times Created Just for Us

After those hours of lectures, note taking, and serious study, we find that our minds have wandered away from the reality of education and are overtaken by a certain craziness that comes with spontaneity. If it's "catching zz's," working, or just being with our colleagues, this time is uniquely our own.

Although school seems to last a long time, only 21' of our week is spent inside classrooms. The remainder is sometimes spent sitting under the Ag tree looking for books, spending money, or cruising the strip.

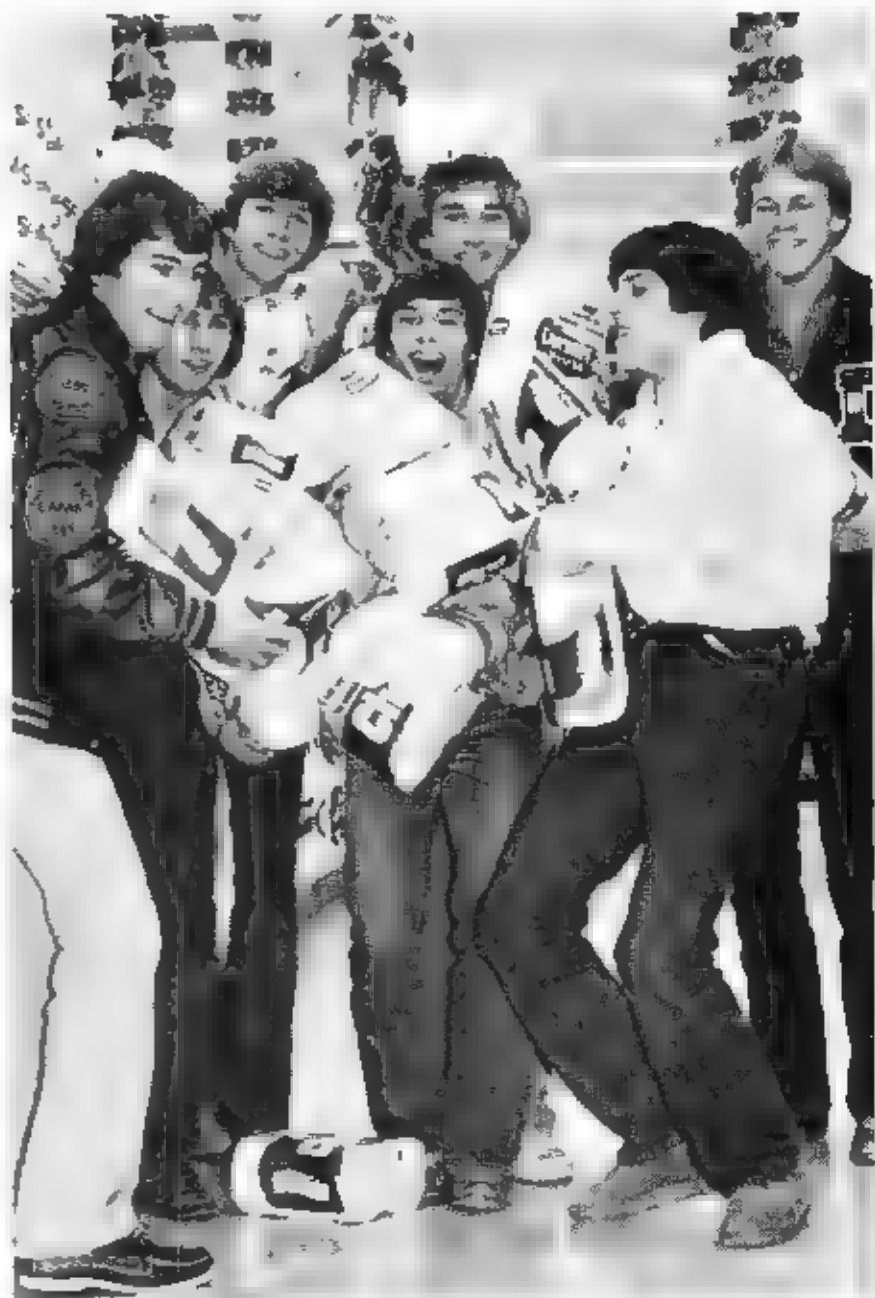

Page 226 Upper Right: Renata Tuft finds that contentment on a long trip comes with sleep. ## Cruising the Night Away

What does the average teenager do on a Friday and Saturday night? The strip, better known as University drive, comes alive on the weekends. A steady stream of goat ropers, social cliques, freaks, cleaves and other assorted members of the student body cruise through the parking lot of McDonalds, down University drive and u-turn it at the Sonic.

The entire process takes approximately 15 minutes as appropriate stops must be made to grab a coke, talk with friends, and engage in a friendly race to the next light.

The Class of 1981 may be accused of many things, but according to a poll, this year's seniors cannot be accused of following the crowd.

Over 200 seniors responded to a poll concerning various aspects of student life in the eighties. The results of the survey clearly showed that the seniors are a very diverse group. Except for a firm vote (56%) in favor of rock and roll music, the results were extremely varied, showing that at least on this survey, each senior seems to follow his own unique style.

## Who Shot J.R.?

Who really cared? We all did. America was crazed with the night time soap — "DALLAS." Everything from Bumper Stickers to T Shirts flooded the consumers' market. Around the world people placed bets and put life savings into that one question!

Aside from shots in the dark, actors faced more serious problems such as wages, hours, and the rights to video releases. The concept of pay or subscription TV finally filtered into the American living room. In reaction to the avalanche of the cable TV, Producers delved into their pockets to supply what the American public was hungry for, special effects. The special effect gamble paid off with box office hits such as *The Empire Strikes Back* and *A.I. Robot*.

The turn table spun off a wide variety of super hits. Christopher Cross produced Grammy Award winning "Sailing." Other songs seemed to pull our hearts in every direction. Bette Midler with the "Rose" and Kenny Rogers' "Lady" seemed to pull the hardest. Entertainment is becoming more and more important, and the best part is yet to come.

# Not One of the Better Years

Top: Over 75 lives were lost in the largest hotel fire in history, November 21, at the MGM Grand Hotel. Bottom: President and Vice President elect Ronald Reagan and George Bush are shown here during their successful campaign.

The beginning of the eighties saw major upheavals in the economy and the stock market. Gold hit an all time high of over \$900 and interest rates soared to 22%. The mood of the country was rebellious as conservative Ronald Reagan won a landslide victory over incumbent Jimmy Carter.

As the economy worsened, gas prices rose higher. However, one bright spot occurred with the January 20 release of the American Hostages in Iran.

For the first time in U.S. history, the Olympic team did not participate in Moscow, as a result of the Soviet invasion of Afghanistan.

However all was not lost. The amateur U.S. hockey team scored a triumphant victory over the U.S.S.R. team. The olympic win seemed to unite the American people and gave everyone a reason to again wave the red, white and blue.

Top Left: John Lennon was assassinated on December 8. Middle Left: In honor, loyal fans held night-long vigils all around the world. Right: The arrival of the Cuban refugees caused major concern. Shown here is a typical day for the Cubans in the U.S. Bottom Left: The exiled Shah Mohammed Reza Pahlavi of Iran died Sunday morning July 22.

The skill comes

## BUILDING A BETTER WAY OF LIFE MEANS MORE THAN JUST BUILDING HOMES.

It means caring about the people you build for. It means actively working for a healthier environment, better communities and a brighter future. And that's what Fox & Jacobs is here for.

Since 1947, Fox & Jacobs has built more homes and won more homebuilding awards than any other builder in Texas. The building techniques we perfected have allowed us to give people good quality, affordable housing. Fox & Jacobs homes are historically high in resale value, because we believe in giving people the most home for the money. Our neighborhoods are safe, attractive assets to the community, because we work hard to make them that way.

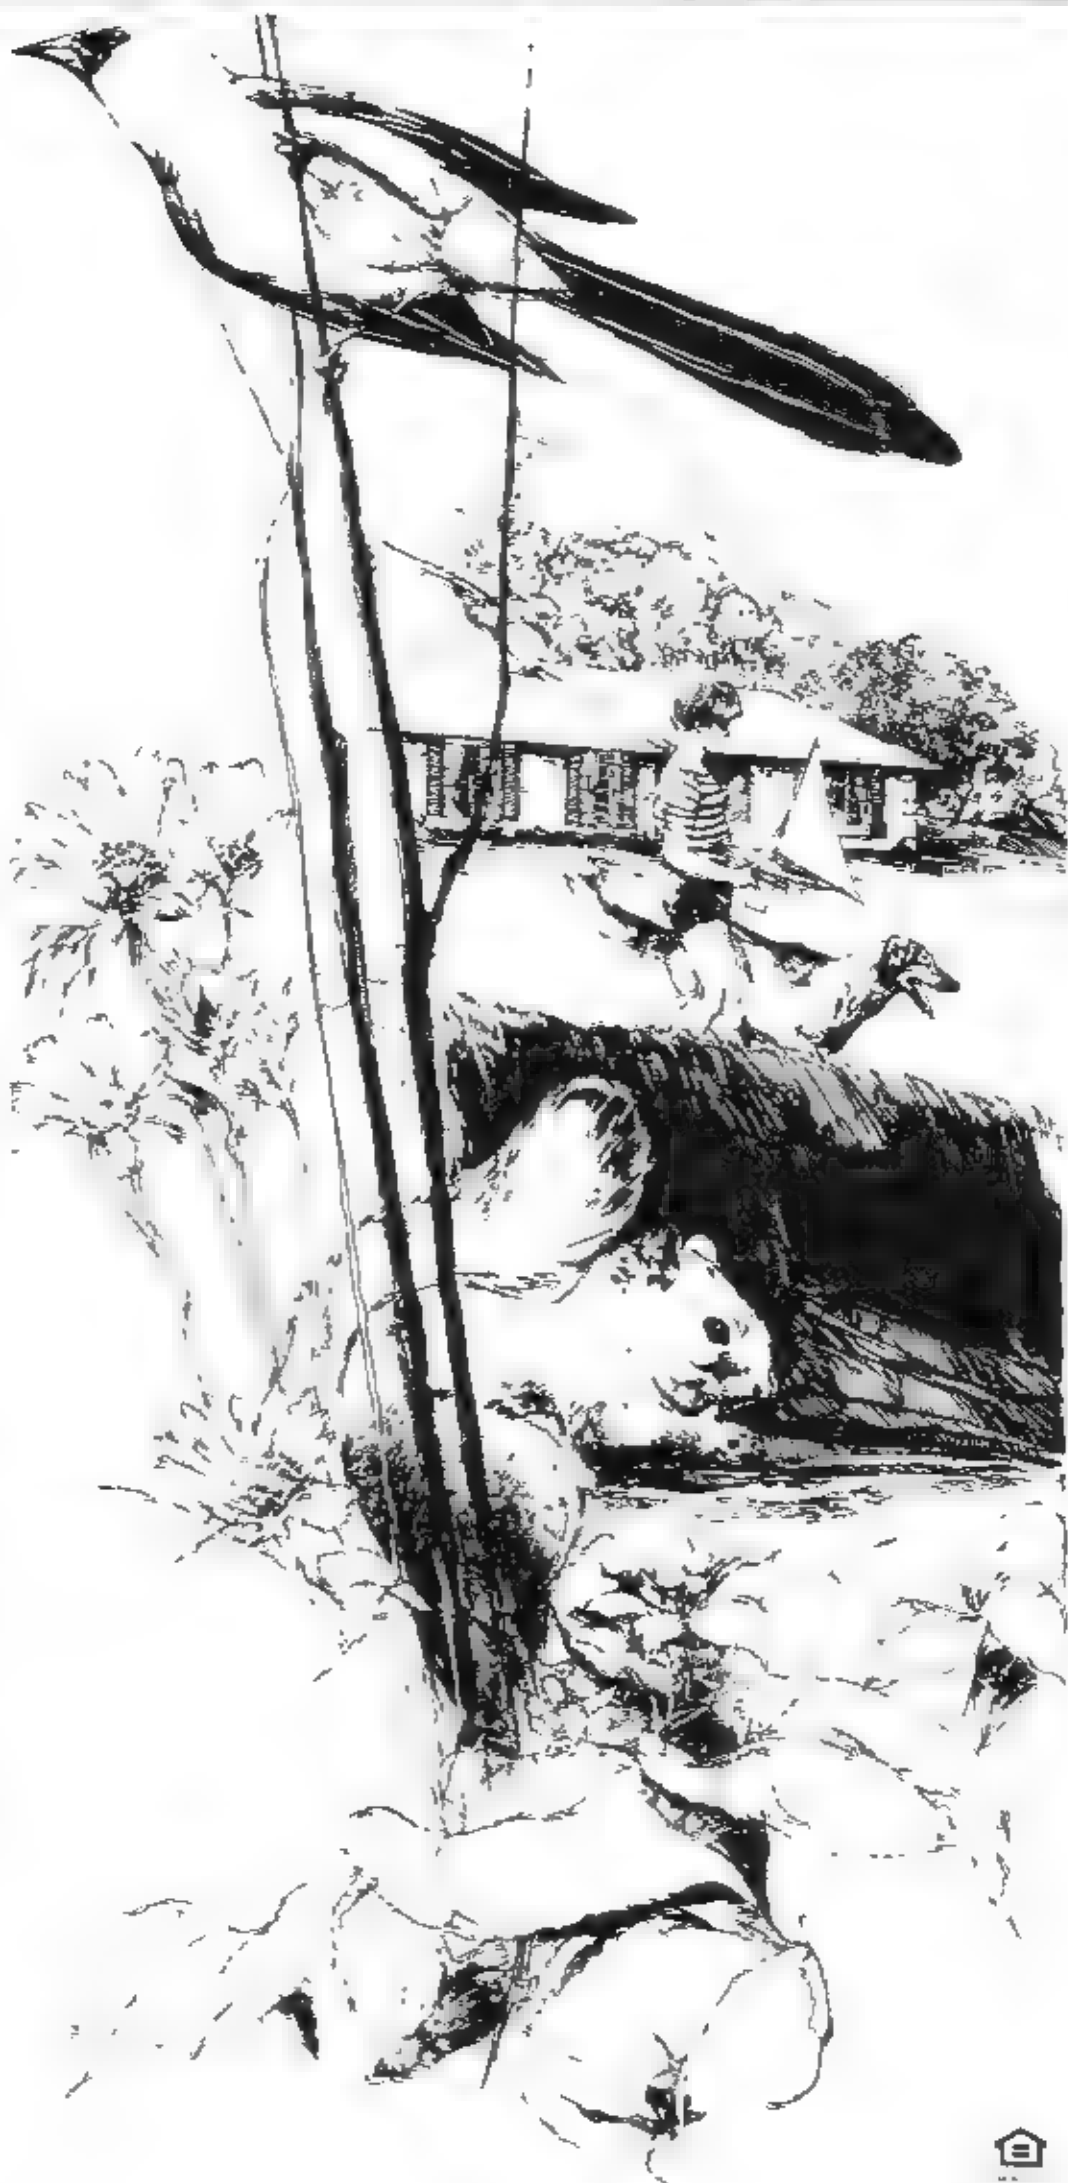

Wherever we build, Fox & Jacobs provides good-paying, full-time jobs for competent men and women. And we don't just build and leave. We participate in civic, charity, school and environmental activities within the community.

Where there are no trees, we plant them. Where there are trees and streams, we go to extremes to preserve them. And in our 22-acre Green Hills Environmental Center, we're working on everything from soil improvement to wildflower conservation.

At Fox & Jacobs, we do, indeed, believe that building a better way of life means more than just building homes. Look around you. We're building it.

Changes in the design and format of the 272 page Bronco were made during the summer. The book was increased from 8½ x 11 to 9x12 college size. A four-color cover was used for the first time since the 50's. The cover is representative of large segments of school. Band member Mike Ellis is used on the front cover with Homecoming Queen Michelle Cole. On the back cover is flag girl Diana Hansen and Cowboy James Willard.

The Bronco Staff expresses sincere appreciation to the following people for help with this year's publication: Mr. Ray Coopender, Mrs. Lillian Huffstutter, Mr. Ralph Cordray and the Varsity Studio, Commercial Art, Mr. Acie Mitchell, Ms. Carol Narsutis, the Denton Record-Chronicle, and The Fine Arts Theater.

Ron

It is getting closer to our senior year. It sure will be great to get out of high school. You are a really nice guy and I am glad that we had Troje's class together. It was nice getting the chance to talk to someone like you. The daily handshakes reminded me of how good a friend you really are. I wish you the best and I hope that you and Melinda will always be happy. I hope that we will see each other next year. In the meantime, take care and may God bless you and Melinda.
